Faucher and Associates  
Attorneys at Law  
Westlake Village, CA

To Whom It May Concern:

John Faucher and his team helped me through a personal bankruptcy situation in 2012. They were extremely professional, helpful and kind during the process. They made things very easy for me, being able to do most of the gathering of data online and then representing the communication with the trustees. I have no hesitation to recommend their services.

Sincerely,

Duncan Turner, M.D.
